Name: Chemfor Coverall	Code: 30237	Chemical Protection Type 4 - 5 - 6
-------------------------------	--------------------	---

Description

Coverall in polypropylene coated with a breathable microporous film for protection against dusts and partial protection against liquids; it has antistatic properties and guarantees resistance against liquid splashes, including inorganic liquids, and dusts up to 0.6 micron. It features a zipper closure with flap and elastic hood, cuffs, waistband and ankles.

- High protection, resistant and breathable.
- Resistant to splashes, including inorganic liquids and dusts up to 0.6 micron
- Antistatic treatment.
- Hygienic, because it does not lose fibres.

The product is designed and manufactured according to the provisions of Council Directive 89/686/EEC, with harmonized standards EN 13982 TYPE 5, EN 13034 TYPE 6 and EN 1149-5. It is classified as PPE Cat. III.
