Name: Heavy Carboflame Jacket	Code: 35280B	Heavy Carboflame
--------------------------------------	---------------------	-------------------------

Description

Padded Jacket, outer layer in 87% cotton, 12% nylon and 1% carbon fibre, 255 g/m² and padding in 100% aramid, 150 g/m². High collar, concealed metal zipper closure with flap and Velcro, straight sleeves, detachable hood with metal zipper; elastic cuffs, two chest pockets and two lower wide pockets all with flaps and Velcro, drawstring waistband. Reflective band on the hood, chest and sleeves.

- It is the ultimate range for protection in environments exposed to extreme weather.
- Flame retardant and antistatic, it is well-suited for protecting the operator from accidental contact with minor flames, molten metal splashes, low levels of convective and radiant heat.
- Protects against accidental short-term electrical contact.
- It protects against low temperatures thanks to the structure of the fabric and to its padding.

In combination with the jacket, it is possible to wear our under garments: Carboflame undershirt art. 35285 and Carboflame underpants art. 35286, meeting the point A.2 of IEC 61482-2 which is stating that the electric arc protective clothing shall be used with under garments made of materials that would not melt with the arc.

The product is designed and manufactured according to the Directive 89/686/EEC.
It is classified as PPE Cat.III.

Category III	Colours Blue	Available Sizes XS-3XL
------------------------	-----------------	---------------------------

Quantity/Carton 20	Important Information Keep in a cool dry place, far from heat sources and direct light. Make sure the garment is in good condition, undamaged and clean before use.
