Description

Spectacles entirely made in polycarbonate with lining and foam padding that absorbs shock on impact and protects against the entry of fine particles and splashes.

Clear lens 2C-1,2 1FT: protects from UV radiation with good colour recognition. Light transmission from 74,4% to 99,9%. Suitable for continuous use. Impact-resistant lens (6 mm diameter steel ball at a speed of 45 m/s).

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 166.

It is classified as PPE Cat. II.
