Name: Twin Filter Half-Mask Dräger X-Plore 3300

Code: 45561

Half-Masks - Dräger

Description

Twin filter half-mask with bayonet connection made of TPE (polymer foam), optimal fit with glasses and perfectly stable thanks to its self-centering and adjustable retention system. Model suitable for all needs. The mask consists of a head harness in soft plastic material with smooth edges and four elastic straps adjustable in length, to ensure a perfect fit for every type of face. A unique two-point bayonet connector allows for an even weight distribution and guarantees a wide field of vision. Total weight: Approx. 95 g.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 140. It is classified as PPE Cat. III.

Category III	Colours Blue	Available Sizes S-L
Quantity/Cartron 1	Important Information The half mask's maximum lifespan is 6 years from date of manufacture. Store in a dry, dust-free place.	Recommended for Suitable for solvent based, polyester resin, primer, bi-component, isocyanate based, polyurethane based painting, sanding and grinding on stucco, cleaning with ammonia, solvents and oils, works in tunnels, in presence of pesticides, demolition and cutting of asbestos, chrome plating and galvanizing.
Dexterity	EC Standards EN 140 CE	Storage and cleaning Cleaning the mask immediately after use will help prevent premature wear. Do not use any solvents such as acetone, alcohol, benzol, spirits, trichloroethylene, etc. Clean all its parts with a cloth, warm water and a neutral detergent, following carefully the washing instructions. Then rinse thoroughly under running water.
