

**Name: Multimax Earplugs**

**Code: 51801**

**Ear Plugs**

### Description

Soft disposable earplugs in polyurethane foam. Pack of 200 pairs in single poly bags. Suitable for prolonged use.

- 1) They shall be rolled up on two fingers and then inserted into the ear canal. Expanding, they regain the original shape adapting to all forms of the ear canal.
- 2) Greatest degree of noise reduction currently available.
- 3) Preformed expanding polyurethane foam.
- 4) Cone-shaped, facilitating the correct insertion into the ear canal.
- 5) Slow-expanding foam to ensure a proper fit inside the ear.
- 6) Its smooth surface repels dirt, for maximum hygiene.
- 7) Hygiene guaranteed by the single packaging in polyethylene bags.

Important Information

Make sure the device is in good condition before use. Once you become aware of a damage, you should immediately replace it.

Recommended for

For use in noisy environments, such as mechanical industry, engineering, construction sites, agriculture, textile industry and logistics.

Dexterity

EC Standards

EN 352 CE

Storage and cleaning

Keep in a cool dry place, far from heat sources. Keep the earplugs clean, so they do not attract dust and dirt before use, promoting proper hygiene in the ear canal.

Disposable device: replace the earplugs after use.
