<b>Name: Height Access System With Fall Arrest Device</b>	<b>Code: 55680</b>	<b>Mobile and Permanent Fall Arrest Systems</b>
---	--------------------	---

### Description

Designed to safeguarding persons working at positions located at height or depth. Made in stainless and galvanized steel, it can be used with sliding and fixed guidance fall arrest systems. Applicable on fixed ladders from 10 to 130 metres.

The System includes a 8 mm-rope, length m. 10. For bigger sizes, always multiple of 10 m, ask for specific quotation.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 353-1.  
It is classified as PPE Cat. III.
