Name: Wall Mounted Eyewash	Code: 81120	Emergency Showers
-----------------------------------	--------------------	--------------------------

Description

Eyewash with aerated flow operated by manual side-push closure valve. ABS bowl. Wall mounted. The eyewash provides 11,5 liters of water per minute. The sprinklers of water are protected from air pollutants. The activators of the valve are simple to locate and easily accessible to the user. The valve is activated within one second. The unit is connected to a constant flow of water of 3 GPM. The valve is activated by a knob on the side or through a pedal. The eye wash will remain active until the knob will return to the starting position. Eyewash: 11,5 inches in diameter. ABS bowl. Pipes and accessories in galvanized steel, pipes with anticorrosive polyethylene cover.
