## TECHNICAL SHEET

<b>Name: Free-Standing Eyewash</b>	<b>Code: 81121</b>	<b>Emergency Showers</b>
------------------------------------	--------------------	--------------------------

### Description

Eyewash with aerated flow complete with manual side-push closure valve or chain pedal; ABS bowl. Free standing. The flow of water at low speed rinse thoroughly eyes and face, and does not harm to the user. The eyewash provides 11f5 liters of water per minute. The sprinklers are protected from air pollutants. The activators of the valve are simple to locate and easily accessible to the user, the valve is activated within one second; the unit is connected to a constant flow of water of 3 GPM. The eye wash will remain active until the knob will return to the starting position. Eyewash: 11,5 inches in diameter. ABS bowl. Pipes and accessories in galvanized steel, pipes with anticorrosive polyethylene cover.
