Gas Detectors - BW

Description

The gas detector BW Clip H2S is ideal for those who perform activities in hazardous environments. It operates up to three years maintenance-free. Just turn on the device and it runs continuously - no need for calibration, sensor replacement, battery replacement or battery charging. With BW Clip for H2S- 2 year it is possible to put the device in hibernation mode, by placing it in an appropriate housing when not in use for more than a week, thus it extends its life by that period of time.

It features:

- Maintenance-free: no sensor or battery changes necessary.
- Compact, lightweight design with one-button operation.
- Designed to withstand harsh environments and extreme temperatures.
- Automated self-test of battery, sensor and electronics.
- Wide-angle flash, which alerts simultaneously with audible and vibrating alarm.
- Automatic logging of the 35 most recent gas events and bump test results.
